### SHEPPARTON EDUCATION PLAN UPDATE

We understand that there may be a degree of uncertainty within our School Community about the new Secondary School. There has been significant planning for the new school and can assure all parents that when the new school opens, it will have more than enough room for students from the Greater Shepparton community.

The school will be designed using a House Model with students organised in a series of small schools (houses) with around 300 students in each. This will create greater engagement and connection between students and teaching staff, and supports student wellbeing.

There will also be more than enough teachers within the school to cater for individual student needs, with a focus on delivering the broadest range of subjects,

achieving the best possible educational outcomes for our young people, and pathways for further education and employment.

### PARENTS AND FRIENDS UPDATE

Parents and Friends will be running a *Christmas Tree Craft* stall at the Lion's Twilight Festival this Saturday 24<sup>th</sup> November. We would love some assistance. No craft skills required! All materials supplied. If you are able to offer your time for an hour block please write your name on the roster at the front office. Also if you have little ones who might like to make some ornaments to hang on the tree this year please bring along \$2. We look forward to a fun night of community spirit where everyone can enjoy some family time at the festival. Thank you for your support.
